

JINAN MAISSEN NEW MATERIAL CO.,LTD.

Cellulose ether and redispersible polymer powder producer

About JINAN MAISSEN NEW MATERIAL CO.,LTD

MAIN PRODUCTS

Hydroxypropyl methyl cellulose(HPMC)

Methyl hydroxyethyl cellulose(MHEC)

Reidspersible polymer powder(RDP)

Other construction chemicals

PLANTS LOCATION

Plant base 1:
Jinzhou, Shijiazhuang city, HeBei province, China.

Plant base 2:
Yongchang county, JinChang City, Gansu province, China

TOTAL CAPACITY

HPMC:
30000 tons per year

MEHC:
5000 tons per year

RDP:
5000 tons per year

About JINAN MAISSEN NEW MATERIAL CO.,LTD

CURRENT BUSINESS OVERVIEW

- We have more than 10 years production experience of cellulose ether and redispersible polymer powder.
- Over 50% business is providing OEM service to Chinese cellulose ether and redispersible polymer powder exporters.
- Annual sales volume at domestic market over \$15million.

NEW PLANT OVERVIEW

- Total Investment: \$40million
- Two production lines:
Production line of HPMC
Production line of Methyl chloride
- Start production in March.2021

NEW BUSINESS

- Start international business in early 2019 with international brand name Mailose & Maissen RDP.
- Already exported our products to more than 20 countries.

Unique advantages of JINAN MAISSEN NEW MATERIAL CO.,LTD

Our new plant is located in Jingchang, Gansu province, near XinJiang Province which is the biggest cotton produce region in China. The high quality raw material refined cotton is easy to be delivered to our plant.

Our new plant is located in the national level industry park. Lower pressure on environment policy that make us could provide a stable supplying to our customers

One of the important raw material produced by ourselves. Produce methyl chloride by ourselves. It make us could control the quality from the raw material to the finished products. Lower the cost and improve the quality stability at the same time.

We have our own lab to provide tech. support to customers. We can supply standard products, modified products and customized products as per customers' requirements.

Product Series

Hydroxypropyl methyl cellulose/Methyl hydroxyethyl cellulose
Redispersible polymer powder/Other construction chemicals

Hydroxypropyl methyl cellulose

Mailose MP series

Methoxy(%):19.0-24.0%

Hydroxypropoxy(%):4.0-12.0%

Viscosity range:400-200000cps

Loss on drying: Max.5.0%

Applications: Dry mix mortar/
detergent/oil drilling/paint
and coatings

Methyl hydroxyethyl cellulose

Mailose ME series

Viscosity range:400-200000cps

Loss on drying: Max.5.0%

Applications: Dry mix mortar/
detergent/oil drilling/paint
and coatings

Redispersible polymer powder

Maissen RDP series

Protective colloid: Polyvinyl alcohol

Solid content:Min.98%

Ash content:12±2%

PH: 5.0-7.0

Tg: According to different grades

Applications: Dry mix mortar

Other construction chemicals

PP fiber

Calcium formate

CMC

Starch ether

.....

Applications: Dry mix mortar/

About our brand

Hydroxypropyl methyl cellulose/Methyl hydroxyethyl cellulose
Redispersible polymer powder/Other construction chemicals

Mailose

Brand name

MP/ME

**MP:Hydroxypropyl
methyl cellulose
(HPMC)
ME:Hydroxyethyl
methyl cellulose
(HEMC)**

100K

**Viscosity:100000cps
K=1000cps**

S/O/H/.....

**Special specifications:
S: surface treatment
O:open time
H:extremely high
viscosity
W:Good workability**

About our brand

Hydroxypropyl methyl cellulose/Methyl hydroxyethyl cellulose
Redispersible polymer powder/Other construction chemicals

Maissen

Brand name

RDP

**Redispersible
polymer powder**

707

Specification

U/T/E……

**U: universal grade
T: specialized for tile
adhesive
E: economical grade**

Specifications recommendation

Dry mix mortar

BLOCK LAYING ADHESIVE
CEMENT OR GYPSUM BASED PLASTER
CEMENT OR GYPSUM BASED ONE COAT
TILE ADHESIVE
JOINT COMPOUND
GYPSUM SPRAY MORTAR
SKIM COAT(WALL PUTTY)
EIFS ADHESIVE MORTAR
EIFS SURFACE MORTAR
SELF-LEVELING MORTAR

Exportation standard packages

Our standard exportation package:
25kgs per bag with PP or PE inner.

HPMC/MHEC:

20'GP: 10 tons with pallets or 12 tons without pallets

40'GP: 20 tons with pallets or 24 tons without pallets

RDP:

20'GP: 14 tons with pallets or 16 tons without pallets

40'GP: 28 tons Max.

For more details about our package, please contact with us
by email: info@mailose.com
